Shareholder approval by special resolution of non-executive directors fees	K IV™ P14 Prac 36	Satisfactorily Applied
Commentary: A detailed remuneration report will be included in L2D's 2017 integrated report and the Chairman of the		
Remuneration Committee will be available (through the office of the company secretary) to engage with investors		
to the extent that they voice any concerns in relation to the Manager's remuneration policies and practices. This		
is considered to be more meaningful than putting the remuneration policy to a non-binding advisory vote.		
Non-binding advisory votes by shareholders at AGM	K IV™ P14 Prac 37	Satisfactorily Applied
Commentary:		
The chairman is paid a composite annual fee which includes his committee membership. Board members are		
paid a fixed annual fee in respect of their board membership and an additional fixed fee in respect of each		
committee membership. The fee reflects the responsibilities of the directors that extend beyond attendance at		
meetings and the requirement to be available between scheduled meetings. The directors track record of		
attendance at meetings indicates that it is not necessary to introduce an attendance component of fees.
